Dr. Maria L. Rianna
Superintendent Of Schools

Dear Glen Cove Community,

Welcome to the 2022-2023 school year. We have been looking forward to our students walking through the doors of our schools on Thursday morning, and when it happened we couldn't have been happier! As you scroll through the pictures of our opening day on our [website](#), you will notice the wonderful welcome signs, the staff eager to welcome our children back to school and our students, ready to start their school days.... some for the first time!

It has been a pleasure to also welcome families new to our district, as registrations continued throughout the summer and into the start of the school year. As I visited our buildings upon opening day, students and staff already reached out to these new families beginning what might become lifelong relationships!

The energy and excitement that comes with the start of the new school year is quite visible in each of our schools and will certainly propel us forward into what promises to be a great year ahead! Your support as parents and community members is what makes our school community a special place in which to work and learn. We appreciate your partnership, and we thank you in advance for all that you have done and will continue to do to support your children this year. It is as a result of this strong and reliable partnership that exists in our community that we know we can do amazing things for our students.

As we begin the 2022-2023 school year, we have chosen to recognize all of our staff and our Glen Cove community for that which was accomplished during the past few years. The uncertainty we lived with did not deter us and; in fact, it strengthened the commitment and dedication to our district and, more succinctly, to our children. This strong bond, the support of our parents and community, has brought us to the realization that we have built an **impactful partnership**, *a specific type of multi-faceted partnership....where educators and Glen Cove community members create and implement, daily, a clear and meaningful impact towards our goal; the goal of which is to provide support to our children with care and purpose.* And so, we look forward to continuing our commitment as We Are The Impact!

As we move through this school year, I will be posting updates regularly, with links to information, as we begin new initiatives as well as continue to move forward with district items.

I am looking forward to working with you this year and wish you and your families good health and happiness for the 2022-2023 school year and beyond.

Sincerely,

Dr. Maria L. Rianna
